

FSA Educational Foundation 2017 Scholarship Award

Program Description: The Florida Stormwater Association Educational Foundation's Scholarship Program awards financial assistance to qualified graduate students attending Florida colleges and universities whose educational interest is in stormwater research, management or finance.

Eligibility: Applications will be accepted from graduate students in colleges or schools of engineering, natural science, public administration (or closely related fields) that have an interest in stormwater science, engineering or finance. Eligibility is limited to students in good standing that are currently enrolled on a full-time basis in a graduate program at a Florida college or university, and plan to attend classes during the Fall 2017 semester on a full-time basis.

Awards: A scholarship of \$2,000 will be awarded. The award will be presented during the FSA Winter Conference in Orlando on December 7-8, 2017. Please check the FSA website for updates on Conference details. The award recipient is expected to attend the Conference, make brief remarks when accepting the Award during the Luncheon on December 7th, and prepare a Poster Presentation for display that illustrates Item #5 (below). The award recipient will be given a complimentary full Conference registration and a one night stay at the Conference hotel.

Application Process: To be eligible for the scholarship, applicants must submit the following information so that it is received by FSAEF on or before August 4, 2017. The maximum number of points for each judging criteria is indicated at the end of each section below.

1. A completed **application form**.
2. A **letter of transmittal** applying for the award. The letter should provide a brief biographical sketch explaining your interest in stormwater and a discussion of your career goals relating to stormwater. The letter should also detail your need for and the intended use of the scholarship. (15 points)
3. A **letter of recommendation** from your major professor(s). (5 points)
4. A sealed copy of your **official transcripts**. If the transcripts are being sent directly from the college, please include a contact phone number to verify mailing. (10 points)
5. A brief (two or three pages) **paper** that summarizes a recent stormwater-related project or research effort in which you were involved, or a brief paper that describes the importance of stormwater management in today's society. (20 points)

For additional copies of the application contact FSAEF at (888) 221-3124, visit the FSAEF website at www.florida-stormwater.org/scholarship or email us at stormwater@ksanet.net.

About the Florida Stormwater Association Educational Foundation

Formed in 1993, FSA is a 315-member, non-profit professional association of local governments, engineering/consulting firms, academic departments and other organizations that have an interest in stormwater management and finance. The FSA Educational Foundation is a parallel organization providing research and scholarship services. More information? See www.florida-stormwater.org.
